

My entire family is appalled at the blatant misuse of the media to promote a very partisan program, "Stolen Honor", which is scheduled to be aired on our ABC affiliate, WLOS Asheville, NC. We are sick of listening to The Comment by Mark Hyman which again is quite partisan but comes across as 'news'. I thought programming like that required a 'counter-point' response on a news program. Please don't allow our news programming to become one sided to benefit any particular ideology.

Thank you,
